| <b>CLO – (LDL)</b> | <b>Total Points</b> | <b>Points Obtained</b> |
|--------------------|---------------------|------------------------|
| CLO2 – (Psy-4)     | 56                  |                        |
| CLO3 – (Aff-3)     | 14                  |                        |
| <b>Total</b>       | <b>70</b>           |                        |

*For description of different levels of the mapped rubrics, please refer the provided Lab Evaluation Assessment Rubrics and Affective Domain Assessment Rubrics.*

Lab Evaluation Assessment Rubric

| #    | Assessment Elements                                 | Level 1: Unsatisfactory<br>Points 0-1                                                                                                                                                      | Level 2: Developing<br>Points 2                                                                                                                                                       | Level 3: Good<br>Points 3                                                                                                                                                                                           | Level 4: Exemplary<br>Points 4                                                                                                                                                                                        |
|------|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| LR2  | Program/Code/<br>Simulation Model/<br>Network Model | Program/code/simulation model/network model does not implement the required functionality and has several errors. The student is not able to utilize even the basic tools of the software. | Program/code/simulation model/network model has some errors and does not produce completely accurate results. Student has limited command on the basic tools of the software.         | Program/code/simulation model/network model gives correct output but not efficiently implemented or implemented by computationally complex routine.                                                                 | Program/code/simulation /network model is efficiently implemented and gives correct output. Student has full command on the basic tools of the software.                                                              |
| LR3  | Troubleshooting                                     | Unable to identify the fault/minimal effort show in troubleshooting.                                                                                                                       | Able to identify the fault but unable to remove it.                                                                                                                                   | Able to identify the fault but partially removes it.                                                                                                                                                                | Able to identify the fault and takes necessary steps and actions to correct it.                                                                                                                                       |
| LR4  | Data Collection                                     | Measurements are incomplete, inaccurate and imprecise. Observations are incomplete or not included. Symbols, units and significant figures are not included.                               | Measurements are somewhat inaccurate and imprecise. Observations are incomplete or vague. Major errors are there in using symbols, units and significant digits.                      | Measurements are mostly accurate. Observations are generally complete. Minor errors are present in using symbols, units and significant digits.                                                                     | Measurements are both accurate and precise. Data collection is systematic. Observations are very thorough and include appropriate symbols, units and significant digits and task completed in due time.               |
| LR5  | Results & Plots                                     | Figures/ graphs / tables are not developed or are poorly constructed with erroneous results. Titles, captions, units are not mentioned. Data is presented in an obscure manner.            | Figures, graphs and tables are drawn but contain errors. Titles, captions, units are not accurate. Data presentation is not too clear.                                                | All figures, graphs, tables are correctly drawn but contain minor errors or some of the details are missing.                                                                                                        | Figures / graphs / tables are correctly drawn and appropriate titles/captions and proper units are mentioned. Data presentation is systematic.                                                                        |
| LR6  | Calculations                                        | Formulae used and/or calculations are incorrect. Units are not mentioned with results.                                                                                                     | Formulae used are correct but there are few mistakes in calculation which lead to incorrect results.                                                                                  | Formulae used and end results are correct. Complete working steps are not shown. Proper units are not mentioned with results.                                                                                       | Formulae used, end results and all calculations are correct with all the intermediate steps clearly shown. Units are mentioned with results.                                                                          |
| LR9  | Report                                              | All the in-lab tasks are not included in report and / or the report is submitted too late.                                                                                                 | Most of the tasks are included in report but are not well explained. All the necessary figures / plots are not included. Report is submitted after due date.                          | Good summary of most the in-lab tasks is included in report. The work is supported by figures and plots with explanations. The report is submitted timely.                                                          | Detailed summary of the in-lab tasks is provided. All tasks are included and explained well. Data is presented clearly including all the necessary figures, plots and tables.                                         |
| LR11 | Design                                              | Proposed design is unsubstantiated or does not satisfy most of given constraints. The breakdown of system into features is incomplete and still at lower resolution.                       | Justification for proposed design is weak, and it only satisfies some constraints. The breakdown of system is missing some features and resolution is not appropriate at some places. | Proposed design is substantiated, preferably through proper analysis, and satisfies most given constraints. The breakdown of system into features seems complete, but resolution is not appropriate at some places. | Proposed design is substantiated, preferably through proper analysis, and satisfies all given constraints. The breakdown of system into features seems complete and at appropriate resolution, given students' level. |
| AR4  | *Report Submission                                  | Not accepted after 1 week.                                                                                                                                                                 | Late submission after 2 days and within 1 week.                                                                                                                                       | Late submission after the lab timing and within 2 days of the due date.                                                                                                                                             | Timely submission of the report and in the lab time.                                                                                                                                                                  |
| AR7  | Report Content/Code comments                        | Most of the questions are not answered / figures are not labelled/ titles are not mentioned / units are not mentioned. No comments are present in the code.                                | Some of the questions are answered, figures are labelled, titles are mentioned and units are mentioned. Few comments are stated in the code.                                          | Majority of the questions are answered, figures are labelled, titles are mentioned and units are mentioned. Comments are stated in the code.                                                                        | All the questions are answered, figures are labelled, titles are mentioned and units are properly mentioned. Proper comments are stated in the code.                                                                  |
